COVID-19

Кому ☐

Hi, neighbor.

Tests confirmed that I was sick with a coronavirus.

Doctors said that in the week I will leave the world.

My parents will be left without my support.

And at this time you will live enjoying.

I think this is unfair, and I suggest you pay me.

What I am sitting at home and don't try to infect your home.

Life or money.

Hurry up! Every hour, I hate you more and more.
